

i-Net and the Center for Jewish Genetics presents

## ***DNA Day Illinois 2014 Webinar***

### ***Family Health Histories: More than Just Asking Questions and Getting Answers***

**Tuesday, April 29, 2014**

**12:00–1:00 p.m.**

*Live online!*

**Register online:**

**[www.illinoisnetwork.org](http://www.illinoisnetwork.org)**

*Webinar will also be archived to view later*

This program is designed for nurses and other health practitioners who want to learn about the benefits of gathering a family health history.

Upon completion of this activity, participants will be able to:

- Recognize how disorders and health risks are passed down through families.
- Describe benefits and role of family health history.
- Describe how to gather a family health history from patients.
- Show techniques for talking with patients about sensitive issues.

#### **Presenters:**

**Erin Torti, MS, CGC**

Saint Louis University  
Division of Medical Genetics

**Josefa Villarrubia**

Member of family affected by Marfan Syndrome

This program is being offered for 1.0 Nursing Contact Hours. Criteria for successful completion include attendance at the entire event and submission of a completed evaluation form. Partial credit will not be allowed.

*i-Net (OH-350,1/1/2017) is an approved provider of continuing nursing education by the Ohio Nurses Association (OBN-001-91), an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.*

*This program is being co-provided between i-Net and the Center for Jewish Genetics and though all tasks involved in planning and implementing this activity are shared, i-Net as the approved provider unit has maintained responsibility for key program elements.*

*The planning committee members and presenters have declared no conflict of interest. The presenters have agreed to present information fairly and without bias.*

*The DNA Day Illinois 2014 initiative is a cooperative effort of the Center for Jewish Genetics and the Illinois Department of Public Health (IDPH). Funding for this program is provided by a grant from IDPH.*
